

RAMAGUNDAM FERTILIZERS AND CHEMICALS LIMITED

PRESS NOTE (04.04.2023)

RFCL is Providing Timely Urea to Farmers

Dispatched more than 08.44 Lakhs MT Neem Coated Urea (FY 2022-2023).

RFCL is a prestigious project taken up by Government of India with "Make in India" initiative to provide adequate and timely availability of urea at affordable prices to the farmers for maximizing agricultural production in the country and it plays a significant role in taking India towards providing food security to all its citizens.

RFCL has started its commercial production on 22nd March 2021 and dedicated to the nation by the Hon'ble Prime Minister of India on 12th November 2022.

In the current financial year 2022-2023 RFCL have dispatched more than 8.44 Lakhs Metric Ton Neem Coated Urea to different places in Telangana and neighbouring states. Out of total dispatch of 8.44 Lakhs MT 50.97 % was dispatched to Telangana, 18.22 % to Andhra Pradesh, 21.42% to Karnataka, 4.14% to Maharashtra, 2.07% to Chhattisgarh, 3.17% to Tamilnadu.

RFCL has also achieved best energy consumption figures of 4.980 G Cal/MT of urea against design of 5.0 G Cal/MT in the financial year 2022-2023.

On behalf of RFCL, Chief General Manager Shri. Sudhir Kumar Jha conveyed Special Thanks to District & State Administration – Telangana and Ministry of Chemical & Fertilizers, Indian Railways & other Stakeholders for their timely and continuous support for smooth running of the plant.
