

## **RAMAGUNDAM FERTILIZERS AND CHEMICALS LIMITED**

### **PRESS NOTE (26.01.2023)**

#### **Telangana accounts for 50% of RFCL's production of urea**

**-CEO Alok Singhal**

RFCL CEO Alok Singhal said that 50% of RFCL's production of urea is brought to Telangana. On Thursday, he participated in the 74th Republic Day celebrations at the Ramagundam Fertilizer Chemical Limited project and unfurled the national flag. Later, he said that the management is working towards the goal of production with the safety of employees. He said that while 50% of the production in the factory will provide urea to other states of the country, 50% of the urea will be provided to the state of Telangana so that there will be no shortage of urea for the farmers in Telangana for agricultural development. Later, the cultural programs performed by the children were impressive. Chief General Manager SK Jha and other senior officers participated in the programme.
