

RAMAGUNDAM FERTILIZERS AND CHEMICALS LIMITED

PRESS NOTE (21.03.2023)

RFCL is Providing Timely Urea to Farmers **Dispatch of 250th rake (FY 2022-2023) of RFCL Ramagundam Urea**

RFCL is a prestigious project taken up by Government of India with “Make in India” initiative to provide adequate and timely availability of urea at affordable prices to the farmers for maximizing agricultural production in the country and it plays a significant role in taking India towards providing food security to all its citizens.

RFCL has dispatched 250 rakes of urea through railways in the Financial Year 2022-2023 by today. On this occasion, RFCL CGM Shri. Sudhir Kumar Jha, District Agriculture Officer – Peddapalli, Shri. Adi Reddy & Asst Director of Agriculture – Kantha Rao and officials & workers of RFCL & Telangana Agricultural Dept Staff, flagged off the 250th Urea transporting goods train on Tuesday. (21st March 2023).

In the Current year 2022-2023 RFCL have dispatched more than 8.06 Lakhs Metric Ton Neem Coated Urea to different places in Telangana and neighbouring states. Out of which 51.40% to Telangana, to 17.67 % Andhra Pradesh, 22.07 % to Karnataka, 4.34 % to Maharashtra, 2.17 % to Chhattisgarh, 2.35 % to Tamilnadu.

On behalf of RFCL, Chief General Manager Shri. Sudhir Kumar Jha Conveyed Special Thanks to District & State Administration – Telangana and Ministry of Chemical & Fertilizers, Indian Railways & other Stakeholders for their timely and continuous support for smooth running of the plant.
