

RAMAGUNDAM FERTILIZERS AND CHEMICALS LIMITED

PRESS NOTE (27.09.2023)

- RFCL solved the shortage of fertilizers in Telangana.
- Continuous supply to meet demand for Kharif season.
- Telangana Agricultural Department, Principal Secretary - M.Raghunandan Rao, IAS congratulated RFCL CGM.

Ramagundam Fertilizer & Chemical Ltd. was started with the central government's financial contribution with the aim of producing fertilizers domestically. 50% of the urea produced in the factory has been allocated to Telangana state. Due to high consumption of urea in Kharif season, RFCL plant has produced 555869.25 MT of Urea till date in this financial year and has played a key role in supplying 221081.49 MT of Urea to the state of Telangana in this Kharif season. Due to this, there is no shortage of Urea in the state of Telangana. Telangana Agricultural Department, Principal Secretary - M. Raghunandan Rao, IAS, congratulated RFCL CGM Sudhir Kumar Jha.
